NEW! 2-3/4" "Star Drive" C-Deck Screws

One Screw for ALL Composite, PVC and Wood Decking!

Looking for a Professional Deck Fastener that will save you time, money and leave your new addition looking beautiful?

Screw Products, Inc.'s new 10 x 2-3/4" C-Deck is just the fastener you have been searching for! Redesigned to handle even the toughest new composite boards being produced today! Our C-Decks eliminate all composite mushrooming. This will save you countless hours by avoiding pre-drilling and clean up!

This top of the line fastener, will not produce secondary lumps around the screw head leaving your project smooth & flush, complete with a professional flush finish. Milled with a trilobular design and a "Star Drive", our C-Deck starts easy and drives with less torque. Reduced splitting and snapping are also key benefits of this redesigned faster!

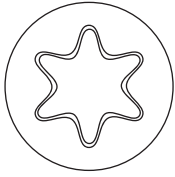

Screw Products, Inc's new C-Decks are available in ACQ Compatible e-coat or a 305 stainless steel combined with a color matched head! Avoid rust and corrosion in any exterior application! Current stocking colors are: Vintage Lantern, Tree House, Fire Pit, Gravel Path, Desert Bronze, Cedar, Gray, Rustic Bark, River Rock, Sand Ridge, Redwood, Mountain Cedar, Teak, Rosewood, & Walnut. **Working with another color? No Problem!** Custom Colors are available upon request with a small lead time! Our C-Decks are color matched in the U.S.A to give them the best quality of all the color matched screws on the market today!

Conveniently packed in 1750 count containers, 350 count jars and 75 count jars. So whether your job is big or small we stock the right fastener for your needs!
